

Gentech TRACTORPACK-100

100kVA Gentech Tractor PTO Generator TRACTORPACK-100

100 kVA

OUTPUT

THREE PHASE

470 kg

WEIGHT

OVERVIEW

The TRACTORPACK-100 is a three phase tractor PTO generator with an output of 100 kVA, driven from the tractor's power take-off (PTO) shaft instead of by an engine of its own.

TECHNICAL OVERVIEW

Output	100 kVA
Warranty	12 months

DIMENSIONS & WEIGHT

Dimensions (L x W x H)	105 x 55 x 80 cm
Weight	470 kg

STANDARD FEATURES

- A 100 kVA output supports several large three phase loads running together, within the rating.
- Drive comes from the tractor's PTO, so there is no second engine to fuel, start or service on the generator.
- Three phase supply suits the pumps, motors and processing equipment found on larger farms.
- Output frequency tracks PTO speed, so the tractor must hold steady revs to give a steady frequency.
- A 12 month warranty applies to the unit.
